MARK SCHEME for the October/November 2010 question paper for the guidance of teachers

8685 SPANISH LANGUAGE

8685/21

Paper 2 (Reading and Writing), maximum raw mark 70

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

CIE will not enter into discussions or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the October/November 2010 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

Quality of Language: Accuracy (same as for questions 4 and 5)

5 Very good

Consistently accurate. Only very few errors of minor significance. Accurate use of more complex structures (verb form, tenses, prepositions, word order.)

4 Good

Higher incidence of error than above, but clearly has a sound grasp of the grammatical elements in spite of lapses. Some capacity to use more accurately more complex structures.

3 Sound

Fair level of accuracy. Common tenses and regular verbs mostly correctly formed. Some problems in forming correct agreement of adjectives. Difficulty with irregular verbs, use of prepositions.

2 Below average

Persistent errors in tense and verb forms. Prepositions frequently incorrect. Recurrent errors in agreement of adjectives.

1 Poor

Little or no evidence of grammatical awareness. Most constructions incomplete or incorrect. Consistent and repeated errors.

For question 3 and 4, the 5 marks for the quality of language will be awarded globally for the whole performance on each set of answers. With regard to **length**, a concise answer containing all mark-bearing components for content is scored on the full range of marks for language, i.e. length does not determine the quality of the language mark. An answer scoring 0 for content cannot score **any** language marks, and the total available on the whole set of answers will therefore be affected. The final total for language will be reduced on the following scale:

Answer(s) worth 2 or 3 scoring 0 for content: reduce final assessment by -1 Answer(s) worth 4 or 5 scoring 0 for content: reduce final assessment by -2 Answer(s) worth 6 or 7 scoring 0 for content: reduce final assessment by -3 Answer(s) worth 8 or 9 scoring 0 for content: reduce final assessment by -4

Note: A minimum of 1 mark for quality of language should be awarded if there are any content marks at all (i.e. 0 language marks only if 0 content marks).

- 5 Escribe en español un máximo de 140 palabras para completar las dos tareas siguientes.
 - (a) Escribe un resumen de lo que se dice en los dos textos sobre los problemas que pueden traer la televisión y los ordenadores para los jóvenes. [10]
 - (b) En tu país, ¿ha llegado a ser un problema el uso de ordenadores entre los jóvenes?

 Da tu opinión.

 [5]

(NOTA: Escribe un máximo de 140 palabras)

Length of response

- Examiners make a rough estimate of the length by a quick calculation of the number of words on a line.
- If the piece is clearly too long, calculate the length more precisely.
- Then put a line through that part of the summary which exceeds 160.
- Marks will be totalled at the bottom in the following sequence:

Out of 10 for points scored in summary Out of 5 for personal response Out of 5 for language Total ringed out of 20

Content marks: Summary

[10]

The summary could include the following points (award 1 mark for each point covered up to a maximum 10):

Tecnología, jóvenes, salud

- Dedican muchas horas al día a ver la tele*
- Expuestos a muchos anuncios de comida rápida
- Padres regalan televisiones a sus hijos / los hijos ven televisión en sus habitaciones
- Comen comida basura / malos hábitos alimentarios
- No se controla la cantidad que se come si se ve la tele al mismo tiempo
- Problemas de sobrepeso
- Sedentarismo

Jóvenes enganchados

- Aumento de jóvenes adictos a juegos de rol / adicción
- Pasan más de 6 horas al día conectados* / juegan de noche / juegan en tiempo real
- Se vuelven agresivos hacia su familia / crea problemas en sus casas
- No son conscientes de su adicción
- Mienten / viven en un mundo de fantasía
- Cometen delitos, roban

^{*} only credit idea of time spent once

Content marks: Response to the Text

[5]

Mark like a mini-essay according to the variety and interest of the opinions and views expressed, the response to the original text stimulus and the ability to express a personal point of view.

5 Very good

Varied and interesting ideas, showing an element of flair and imagination, a capacity to express a personal point of view.

4 Good

Not the flair and imagination of the best candidates, but work still shows an ability to express a range of ideas, maintain interest and respond to the issues raised.

3 Sound

A fair level of interest and ideas. May concentrate on a single issue, but there is still a response to ideas in the text.

2 Below average

Limited range of ideas; rather humdrum. May disregard the element of response to the text, and write a largely unrelated free-composition.

0-1 Poor

Few ideas to offer on the theme. Banal and pedestrian. No element of personal response to the text. Repeated error.

Quality of Language: **Accuracy** (same as for questions 3 and 4)

[5]

5 Very good

Consistently accurate. Only very few errors of minor significance. Accurate use of more complex structures (verb forms, tenses, prepositions, word order).

4 Good
