UNIVERSITY OF CAMBRIDGE INTERNATIONAL EXAMINATIONS

International General Certificate of Secondary Education

MARK SCHEME for the June 2004 question papers

	0452 ACCOUNTING
0452/01	Paper 1 (Multiple Choice), maximum mark 40
0452/02	Paper 2 (Structured Questions), maximum mark 90
0452/03	Paper 3 (Structured Questions – Extended), maximum mark 100

These mark schemes are published as an aid to teachers and students, to indicate the requirements of the examination. They show the basis on which Examiners were initially instructed to award marks. They do not indicate the details of the discussions that took place at an Examiners' meeting before marking began. Any substantial changes to the mark scheme that arose from these discussions will be recorded in the published *Report on the Examination*.

All Examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes must be read in conjunction with the question papers and the Report on the Examination.

CIE will not enter into discussion or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the June 2004 question papers for most IGCSE and GCE Advanced Level syllabuses.

Grade thresholds taken for Syllabus 0452 (Accounting) in the June 2004 examination.

	maximum	mir	nimum mark re	equired for gra	de:
	mark available	А	С	E	F
Component 1	40	-	24	18	15
Component 2	90	80	66	46	32
Component 3	100	72	48	-	-

The threshold (minimum mark) for B is set halfway between those for Grades A and C. The threshold (minimum mark) for D is set halfway between those for Grades C and E. The threshold (minimum mark) for G is set as many marks below the F threshold as the E threshold is above it.

Grade A* does not exist at the level of an individual component.

(c)

(i) Write Zanetti's account off as a bad debt (1)

Amount now outstanding for over 1 year with little hope of recovery (1) Or other acceptable explanation

(ii) No entries in accounting records are necessary (1)

Account is still likely to be paid, there is no evidence yet that it will not be paid by Lim (1)

Or other acceptable explanation

(iii) Create a provision for doubtful debts of \$280 (1)

Must ensure that he does not overstate his net profit for the year (1) Or other acceptable explanation

[6]

[Total 20]

Question 5

- (a) (i) Margin when the gross profit is expressed as a percentage of the selling price
 - (ii) Mark-up when the gross profit is expressed as a percentage of the cost price [2]

(b) (i)

Year ende	d 31 January 2004		[6]
Gross profit as a percentage of sales	3 <u>25200</u> x <u>100</u> = 90000 1	28% (1)	
Net profit as a percentage of sales	$\frac{10800}{90000} \times \frac{100}{1} =$	12% (1)	
Collection period for debtors	6300 x 365 = 66000(1) 1	35 days (1) (34.84 days)	
Payment period for creditors	<u>5700</u> x <u>365</u> = 52000 (1) 1	40 days (1)	

3]

Page 8	Mark Scheme	Syllabus	Paper
	ACCOUNTING – JUNE 2004	0452	3

(b) (ii) All responses to be based on own figure calculations in (b) (i)

Gross profit as a percentage of sales – Purchasing goods more cheaply Reducing trade discounts to customers Increasing selling prices

Net profit as a percentage of sales-Increase in gross profit percentage Reduction in expenses Differences in types of expenses (fixed/variable)

Collection period for debtors – Less efficient credit control Allowing longer credit to maintain sales Not allowing cash discounts to debtors

Payment period for creditors –
Shortage of liquid funds
Knock-on effect of debtors taking longer to pay
Suppliers not allowing cash discounts

In each case other suitable points acceptable In each case – any 2 points (1) each

[8]

(c) Interested parties –

Zaraki (Proprietor) -Assessment of past performance Planning for the future Identifying areas where corrective action is required

Manager (if any) –
Assessment of past performance
Planning for the future
Identifying areas where corrective action is required

Bank manager -

Assessment of prospects of any requested loan/overdraft being repaid when due Assessment of prospects of any interest on loan/overdraft being paid when due Assessment of the security available to cover any loan/overdraft

Lenders -

Assessment of prospects of any requested loan being repaid when due Assessment of prospects of interest on loan being paid when due Assessment of the security available to cover the loan

Creditors for goods –
Assessment of the liquidity position
Identifying how long the business normally takes to pay creditors
Identifying future trading prospects of the business

In each case other suitable reasons acceptable

Three parties to be identified -(1) each giving a total of (3) One reason required in each case -(1) giving a total of (3)

[6]
