CENTRE NUMBER	CANDIDATE NUMBER	
CANDIDATE NAME		

Candidates answer on the Question Paper.

Additional Materials: Calculator

Protractor

READ THESE INSTRUCTIONS FIRST

Write your Centre number, candidate number and name in the spaces provided.

Write in dark blue or black pen.

You may use a soft pencil for any diagrams, graphs or rough working.

Do not use staples, paper clips, highlighters, glue or correction fluid.

DO **NOT** WRITE ON ANY BARCODES.

Write your answer to each question in the space provided. If additional space is required, you should use the lined page at the end of this booklet. The question number(s) must be clearly shown.

Answer three questions, one from each section.

The Insert contains Fig. 4 for Question 2 and Photographs A, B and C for Question 6.

The Insert is **not** required by the Examiner.

Sketch maps and diagrams should be drawn whenever they serve to illustrate an answer.

At the end of the examination, fasten all your work securely together.

The number of marks is given in brackets [] at the end of each question or part question.

This document consists of 24 printed pages, 4 blank pages and 1 insert.

Answer one question from this section.

QUESTION 1

(a) Study Fig. 1, which shows information about the birth and death rates of Zambia (LEDC) and Italy (MEDC) in 2011.

Country	Birth rate (per 1000 of population)	Death rate (per 1000 of population)	
Zambia	44.1	16.6	
Italy	9.2	9.8	

Fig. 1

(i)	What evidence in Fig. 1 suggests that Italy had a natural population decrease in 2011?
(ii)	Calculate the natural population growth rate of Zambia. You must show your calculations.
	Natural population growth rate = per 1000
	[2]
(iii)	Give three reasons why there are high death rates in LEDCs such as Zambia.
	1
	2
	3
	[3]

For Examiner's Use

	(iv)	Explain why there are low birth rates in MEDCs such as Italy.
		[4]
(b)	Stu	dy Fig. 2, which shows a population pyramid for Zambia (an LEDC in Africa).
		100+ 95-99 90-94 85-89 80-84 male 80-84 75-79 female
		70-74 65-69 60-64 55-59 50-54 45-49
		40-44 35-39 30-34 25-29 20-24 15-19 10-14
	二二	5-9 0-4
1.2	1.0	
		population (in millions)
		Fig. 2
	(i)	Suggest three ways in which the population pyramid for an MEDC is likely to be different from the population pyramid for Zambia (LEDC).
		1
		2
		3
		[3]
		• •

	Describe the likely problems for an LEDC of having many young dependents.
	[5]
or	a named example of a country you have studied describe the policy or policies
OI (a named example of a country you have studied, describe the policy or policies by the government to reduce birth rates.
	by the government to reduce but ratee.

QUESTION 2

For Examiner's Use

(a) Study Fig. 3, which shows information about two residential areas in a city in an MEDC.

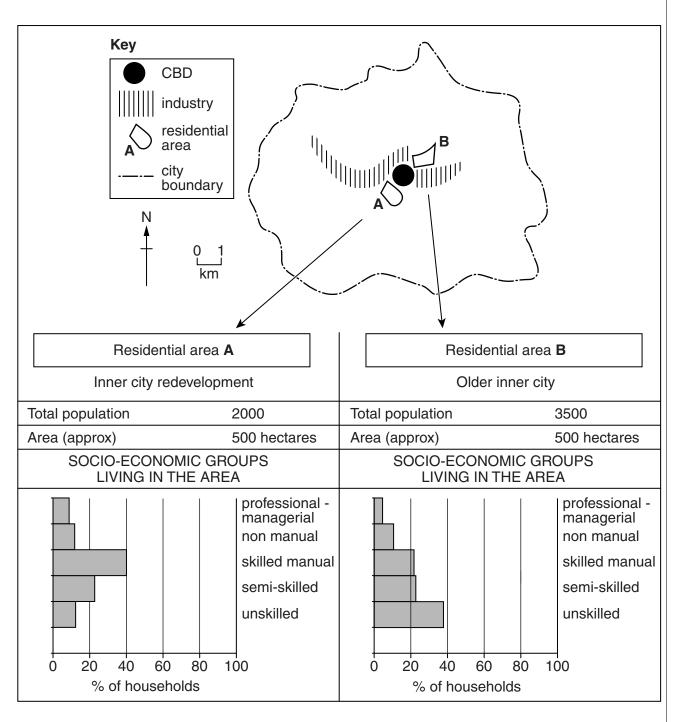

Fig. 3

(i)	What is meant by the term residential area?
	[1]

For Examiner's Use

(ii)	Which of the residential areas A or B :
	is the most densely populated;
	has the newest houses?
	Give reasons for your choices.
	Most densely populated area
	Reason
	Area with newest houses
	Reason
	[2]
(iii)	Using Fig. 3 only , identify three differences between the numbers of people from each socio-economic group who live in areas A and B .
	1
	2
	3
	[3]
(iv)	State two advantages and two disadvantages of living in an inner city area in an MEDC.
	Advantage 1
	Advantage 2
	Disadvantage 1
	Disadvantage 2
	[4]

For Examiner's Use

(b) Study (MEDO		dy Fig. 4 (Insert), which shows land use in part of Austin, Texas, which is in the USEDC).	βA
	(i)	Identify three non-residential types of land-use north of Slaughter Lane and east Manchaca Road.	of
		1	
		2	
		3	[3]
	(ii)	There is a proposal to convert a vacant property in Manchaca Road into a cineme Explain why some local people may support this change but others will oppose it	
		[5]

(c)

For a named town or city where urban sprawl has occurred, describe how the land-use has changed in the area surrounding the city.
Name of town or city
[7]

END OF QUESTION 2

Section B

Answer one question from this section.

For Examiner's Use

QUESTION 3

(a) Study Fig. 5, a map which shows major plates and some fold mountains.

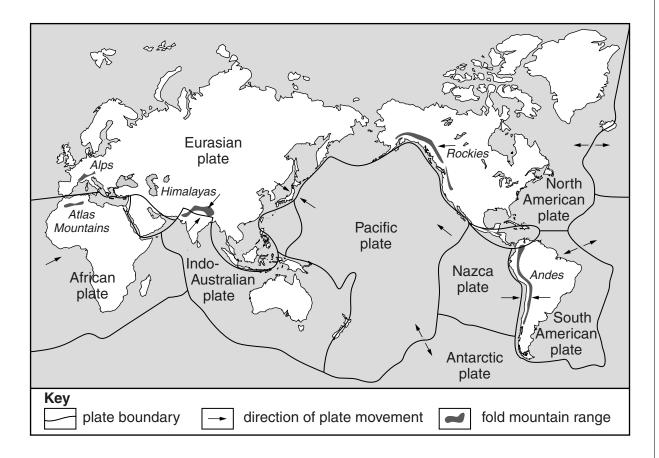

Fig. 5

(i)	What is meant by fold mountains?
	[1]
(ii)	Use Fig. 5 to name the two plates which are moving towards each other forming the Andes.
	1
	2

For Examiner's Use

	(iii)	Explain how fold mountains are formed in some areas where plates are moving towards each other.
		[3]
(b)	Stud	ly Fig. 6, which shows the main features of an active volcano.
		ash cloud
		don sloud
		crater
		volcanic bombs pyroclastic flow main vent
		main vent
		lava flow
	seco	ndary cone
	seco	ndary vent
		magma chamber
		magma chamber
		Fig. 6
	(i)	Using ideas from Fig. 6, describe three different hazards which an active volcano may cause for people.
		1
		2
		3
		[3]

(ii)	Explain why there are active volcanoes along destructive plate boundaries.	For Examiner's
		Use
	[4]	
(iii)	Explain how an area of volcanic activity can provide opportunities for people living there.	
	[5]	

(c)	For a named area which you have studied, describe the impacts of an earthquake.	For
` .		Examiner's
	Name of area	Use

END OF QUESTION 3

QUESTION 4

For Examiner's Use

(a) Study Fig. 7, an extract from the diary of a sailor.

As we left the harbour at 09.00 hrs on the 29th July the sky was almost clear, with just a few wispy, feather-like clouds. There was a strong westerly wind, but the temperatures were warm.

By 14.00 hrs the wind speed had dropped and it was blowing from the north west. Temperatures had fallen several degrees and very tall, dome-shaped clouds with dark bases had formed. The visibility was getting less.

As the rain started to fall we sailed back home but by the time we reached the harbour we were very wet.

Fig. 7

(i)	What is meant	by westerly wind?		
				[1]
(ii)	Suggest what t	he cloud type was at 09.0	00 hrs and 14.00 hrs	
	Choose from the	ne following list:		
	cirrus	cumulonimbus	cumulus	stratus
	09.00			
	14.00			[2]
(iii)	Identify three of 29th July.	differences in the weather	between the mornin	g and the afternoon of
	1			
	2			
	3			
				[3]

(b) Study Fig. 8, which shows a weather station and some of the instruments used in it.

For Examiner's Use

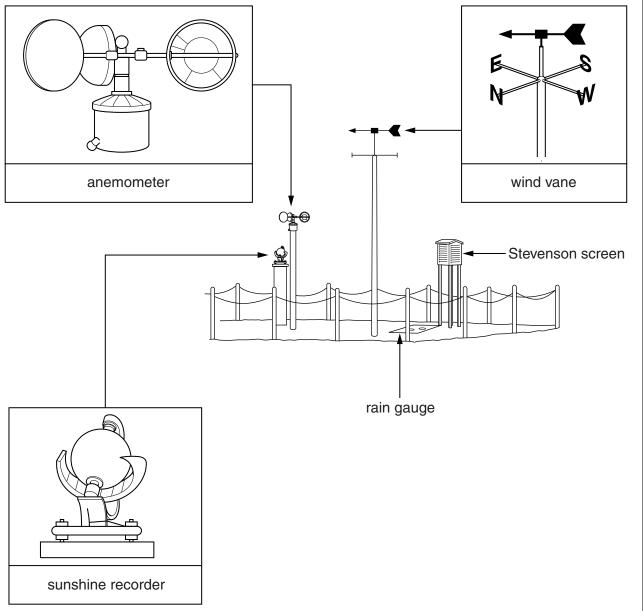

Fig. 8

sunshine recorder[3]

	[4]
Describe the main features of a rain gauge and explain how it is You may use labelled diagrams in your answer.	s used.

[5]

(c)	Cho	pose an example of one of the following types of weathering:	
	_	freeze-thaw weathering;	
	_	exfoliation;	
	_	biological weathering.	
	Exp Use	plain how your chosen weathering process occurs. E labelled diagrams in your answer.	
	Тур	e of weathering process	
			[7]

For Examiner's Use

Section C

For Examiner's Use

Answer one question from this section.

QUESTION 5

(a) Study Fig. 9, which shows information about the possible impacts of climate change in northern and eastern Canada.Climate change could be caused by an increase in greenhouse gases in the atmosphere.

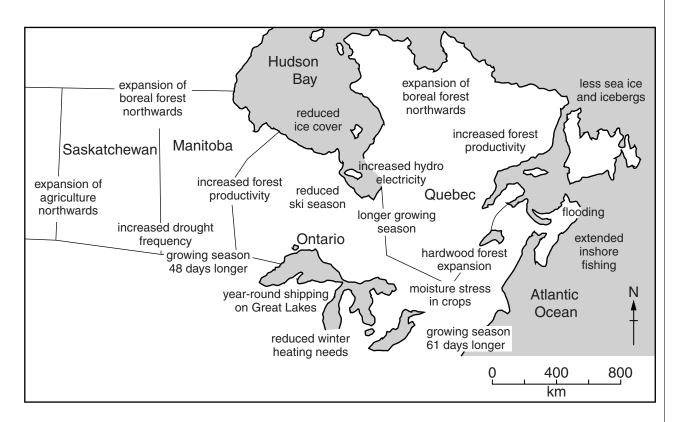

Fig. 9

(i)	Name one greenhouse gas.	
		[1]
(ii)	Identify from Fig. 9 a way in which climate change might:	
	reduce energy demand;	
	increase energy supply.	
		[2]

(iii)	Identify three ways in which climate change might affect agricultural systems around the world.	For Examiner's Use
	1	
	2	
	3	
	[3]	
(iv)	Describe the possible impacts of climate change on the natural environment.	
	[4]	
		1

(b) Study Fig. 10, a graph which shows average annual temperatures at Fairbanks, Alaska.

For Examiner's Use

QUESTION 6

For Examiner's Use

(a) Study Fig. 11, which shows information about the costs and benefits of tourism.

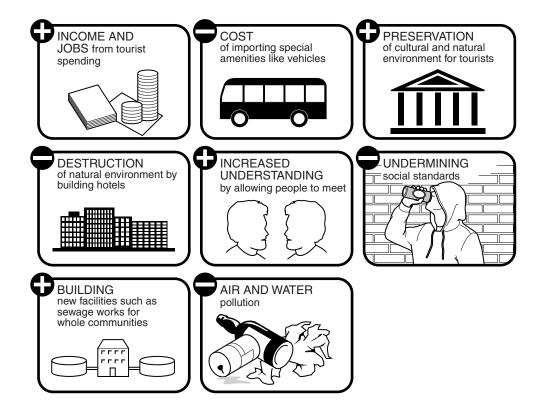

Fig. 11

(i)	Give one example of a job in the tourist industry.
	[1]
(ii)	Using Fig. 11 only , identify one environmental cost and one environmental benefit of the tourist industry.
	Environmental cost
	Environmental benefit
	[2]

(iii)	Use Fig. 11 and your own ideas to explain how tourism can 'undermine social standards'.	For Examiner's Use
(iv)	Many people who live in areas where tourism is important are not directly employed in the tourist industry. Explain how they might still benefit from tourism.	
	[4]	
	udy Photographs A, B and C (Insert), which were taken on the island of Mauritius EDC in the Indian Ocean).	
(i)	Use evidence from each photograph to give different reasons why Mauritius is attractive to tourists.
